† Legal Disclaimers

Active Noise Cancellation, Adaptive Audio, and Transparency Mode: Device performance and noise control features like Active Noise Cancellation, Adaptive Audio, and Transparency can be affected by debris or earwax buildup. Clean the device regularly to maintain performance and full feature functionality. Refer to support.apple.com/102672 for AirPods 4 cleaning instructions. Refer to support.apple.com/120409 for AirPods Pro 3 cleaning instructions.

Adaptive Audio: Available on AirPods 4 with Active Noise Cancellation or AirPods Pro 2 and later with the latest firmware when paired with compatible devices running iOS 18, iPadOS 18, or macOS Sequoia and later. Available on AirPods Max 2 with the latest firmware when paired with compatible devices running iOS 26.4, iPadOS 26.4, or macOS 26.4 and later.

Automatic Switching: Requires an Apple Account and a compatible Apple device running the latest operating system software.

Battery: Battery life depends on device settings, environment, usage, and many other factors.

Charging: USB-C charging requires a compatible USB-C charger. Wireless charging requires a Qi-certified wireless charger. MagSafe charging requires a compatible MagSafe Charger. AirPods 4 with Active Noise Cancellation and AirPods Pro 3 charging cases also work with the Apple Watch charger.

Conversation Awareness: Available on AirPods 4 with Active Noise Cancellation or AirPods Pro 2 and later with the latest firmware when paired with compatible devices running iOS 18, iPadOS 18, or macOS Sequoia and later. Available on AirPods Max 2 with the latest firmware when paired with compatible devices running iOS 26.4, iPadOS 26.4, or macOS 26.4 and later.

Dust, Sweat, and Water Resistance: AirPods 4, AirPods 4 with Active Noise Cancellation, AirPods Pro 3 and AirPods Pro 2 are dust, sweat, and water resistant for non-water sports and exercise. Products including charging case were tested under controlled laboratory conditions, and have a rating of IP54 (AirPods 4, AirPods 4 with Active Noise Cancellation, AirPods Pro 2) and IP57 (AirPods Pro 3) under IEC standard 60529. Dust, sweat, and water resistance are not permanent conditions and resistance might decrease as a result of normal wear. Do not attempt to charge when wet; refer to support.apple.com/kb/HT210711 for cleaning and drying instructions.

Find My: Find My functionality requires iOS 18 or later.

Heart Rate Sensing: Built-in heart rate monitor is intended for use during workouts with the Fitness app and compatible third-party apps on iPhone running iOS 26 and later. Refer to support.apple.com for more information.

Hearing Test and Hearing Aid Features: The Hearing Aid feature has received FDA authorization. The Hearing Test and Hearing Aid features are supported on AirPods Pro 2 and later with the latest firmware paired with a compatible iPhone, iPad, or Mac with iOS 18 or iPadOS 18 and later and are intended for people 18 years old or older. The Hearing Aid feature is also supported on a compatible Mac with macOS Sequoia and later. It is intended for people with perceived mild to moderate hearing loss.

Hearing Protection: The Hearing Protection feature works with AirPods Pro 2 and later with the latest firmware when paired with a compatible iPhone, iPad, or Mac with iOS 18, iPadOS 18, or macOS Sequoia and later. The feature is not available in all regions or all languages. See apple.com/airpods-pro/feature-availability for complete list. See support.apple.com/120850 for total attenuation and more information. The Hearing Protection feature is not suitable for protection against extremely loud impulse sounds, such as gunfire, fireworks, or jackhammers, or against sustained sounds louder than 110 dBA.

Live Translation: Live Translation with AirPods works on AirPods 4 with Active Noise Cancellation and AirPods Pro 2 and later with the latest firmware when paired with an Apple Intelligence-enabled iPhone running iOS 26 and later. Live Translation with AirPods works on AirPods Max 2 with the latest firmware when paired with an Apple Intelligence-enabled iPhone running iOS 26.4 and later. Available in beta. Some features may not be available in all regions or languages; for more information, see apple.com/ios/feature-availability.

Lossless Audio and ultra-low latency audio (USB-C): Ultra-low latency audio and Lossless Audio listening requires a wired USB-C connection and compatible content from supported apps and services.

Personalized Spatial Audio: Compatible hardware and software required. Works with compatible content in supported apps. Not all content available in Dolby Atmos. iPhone with TrueDepth camera required to create a personal profile for Personalized Spatial Audio, which will sync across Apple devices running the latest operating system software, including iOS, iPadOS, macOS, and tvOS.

Pro-Level Active Noise Cancellation: Up to 2x more Active Noise Cancellation compared with AirPods Pro (1st generation) and AirPods 4 with Active Noise Cancellation.

Sweat and Water Resistance: AirPods (3rd generation) are sweat and water resistant for non-water sports and exercise, and they are IPX4 rated. Sweat and water resistance are not permanent conditions.

Up to 4x More Active Noise Cancellation: Up to 4x more Active Noise Cancellation compared with original AirPods Pro and AirPods 4 with Active Noise Cancellation when tested in accordance with IEC 60268-24.

Up to 2x More Active Noise Cancellation (for AirPods Pro 2): Up to 2x more Active Noise Cancellation compared with AirPods Pro (1st generation) and AirPods 4 with Active Noise Cancellation.

Up to 2x More Active Noise Cancellation (for AirPods Pro 3): Up to 2x more Active Noise Cancellation compared with AirPods Pro 2 when tested in accordance with IEC 60268-24.

Up to 1.5x More Active Noise Cancellation (for AirPods Max 2): Up to 1.5x more Active Noise Cancellation than the previous generation when tested in accordance with IEC 60268-24.

Voice Isolation, “Hey Siri,” and Siri Interactions: Available on AirPods 4, AirPods 4 with Active Noise Cancellation, or AirPods Pro 3 with the latest firmware when paired with compatible devices running iOS 18, iPadOS 18, or macOS Sequoia and later. Available on AirPods Max 2 with the latest firmware when paired with compatible devices running iOS 26.4, iPadOS 26.4, or macOS 26.4 and later. For the best performance, update to the latest software.
