

Spa Waffle Towel Set_TARGET

Target introduces our Spa Waffle Bath Towel Set. Creating a great towel starts with great cotton. We use 100% combed cotton, which is softer than regular cotton because the impurities and shorter strands are combed out. This also means the towel is less likely to unravel or fray.

Our cotton is woven into a jacquard waffle weave, which produces a larger surface area, making it more absorbent while promoting airflow for faster drying. When it comes to towels, quality and weight go hand in hand. Our bath towel is 600 grams per square meter, which provides a luxuriously full and soft feel yet is lightweight enough to dry quickly.

Choose from a variety of colors. And matching decor is available to create a cohesive look. Our Spa Waffle Bath Towel Set is the perfect combination of style, comfort, and functionality. Available at [target.com](https://www.target.com).
