

TIPS FOR A VIRTUAL SLEEPOVER!

Want to throw your Siwanator the most epic virtual slumber party ever?!

There are a ton of ways to keep the fun going all night long.

For starters, you can make Siwa Swag Bags filled with loads of goodies, including candy, cuddle pillows, blankets, bows and anything else from the **JoJo Slumber Party collection** found exclusively at Target. Be sure to print out the downloadable activity pack below, too, then drop off each bestie's swag bag to their homes (don't forget to crank up the volume to your JoJo Siwa playlist to let them know you've arrived!).

To get into the Siwa slumber party spirit, be sure all the Siwanatorz throw up their JoJo Siwa virtual backgrounds, put on their bows and zip up their onesies, because it's time to get the party started!
