

MY LITTLE PONY

MAKE YOUR MARK

WREATH

WHAT YOU NEED:

- Craft paper – 5-6 colours (one of which is green)
- Cardstock paper – any colour, for the wreath base
- Pencil or pen – for tracing the template
- Scissors
- Craft glue or glue stick
- Your favourite arts and crafts: feathers, gems, glitter (Izzy's fave!)

IMPORTANT!

Adult Supervision Required.

TO CELEBRATE MARETIME BAY DAY, WHY NOT CREATE YOUR OWN WREATH TO GET IN THE SPIRIT?!

METHOD:

1. Select a coloured craft paper for the flower and cut a 30 cm long strip (2.5 to 5 cm wide).
2. Create small and even accordion folds on the strip.
3. Create zigzag patterns along any one sides of the folded strip. Use the folds as guides for each zigzag.
4. Use craft glue to join both sides (width) of the accordion folded strip. Now we have an accordion folded roll.
5. Hold the plain side of the roll and press it towards the centre. Flatten the roll by holding all the folds of the plain side and pressing them towards the centre.
6. Cut out 2 round shapes from yellow coloured papers and glue one of those on the centre of the pressed paper. Similarly glue the other circle on the other side of the paper to secure the flattened piece (accordion folded).
7. Create more flowers and patterns to make the wreath.
8. Determine the size of the wreath and cut out a round base of at least 2 inches width.
9. Start to glue the flowers on the base first.
10. Done adding all the flowers? Add gems, sparkles, glitter, feathers – or any of your favourite craft decorations.
11. Allow the glue to dry once you are happy.
12. Your wreath is ready.

9-12.

enjoy your CELEBRATION!
