

Target Clean: Baby Care

Baby Personal Care products in the Target Clean program are formulated without* the ingredients listed below. Plus, cruelty free and/or not tested on animals.**

To learn more about our approach, please visit the Chemicals page on our corporate website.

*In baby personal care products, formulated without is defined as < 100 ppm of finished product.

**Cruelty free and/or not tested on animals is designated and validated by each brand.

Target Clean: Car Seats

Car Seat products in the Target Clean program have softgood components made without* the below list of chemicals.

To learn more about our approach, please visit the Chemicals page on our corporate website.

*In car seats, made without is defined as < 50 ppm of finished softgood product including the fabric, foam and labels
