

BUILD A GO-KART!

Stacie, the sporty, confident, and adventurous middle sister of Barbie, invites everyone to drive imagination by building their own go-kart!

MATERIALS NEEDED

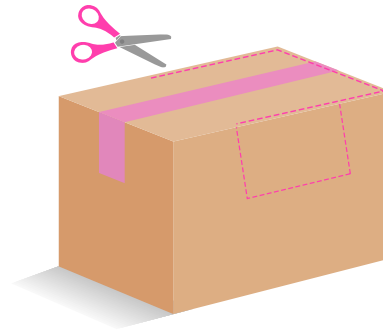

Cardboard box
Glue
Packing Tape
Scissors

Construction Paper
Pencils/Markers
Paint
Plastic Cups

STEP 1

Start by recycling a large box that your family may have received a package in!

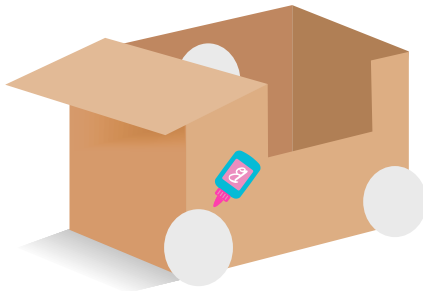

STEP 2

Help your child cut out a semicircle on each side to make the doors of your kart. Then cut two thirds of the top of the box, leaving it connected to the front end of the kart.

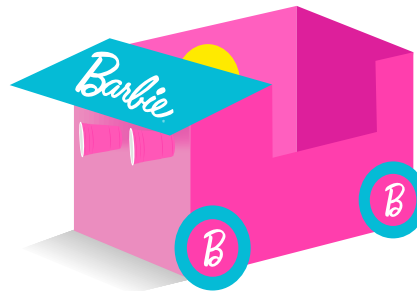

STEP 3

Fold over the top flap and tape or glue it to the front of the box, forming the hood of your race car.

STEP 4

Glue on constructions paper wheels and attach your steering wheel.

STEP 5

Work together to design your custom paint job. Get creative! Add a spoiler or headlights —don't forget the gas pedal!
