Supplies

5 fl oz Elmer's White School Glue

3 tbsp Elmer's Magical Liquid

6.5 fl oz soft clay

1/2 cup shaving cream

Food coloring (optional)

Measuring cup

Measuring spoons

Bowl

Instructions

1. In a large bowl, mix 5 fl oz of Elmer's White Glue with 2 tbsp of Magical Liquid. Mix well.
2. Adding 1 more tbsp of Elmer's Magical Liquid. Continue to mix until slime forms.
3. Now mix in 1/2 cup of shaving cream and soon you will have fluffy slime!
4. Take equal parts fluffy slime and soft clay and mix them together for 6-8 minutes until the texture feels oddly satisfying! Feel free to mix in a couple drops of the food coloring of your choice.
5. Play around with it as much as you'd like! You'll notice over the next day that it becomes harder to squeeze as it is exposed to more air.
6. Once it starts to harden (about 1 day), mold it into the shape you want and let it sit out to dry overnight to a permanent object of your own
