

Ready, Set, Create

WINDOW CLINGS

Activity Time 10 Minutes
Wait Time 60 Minutes

Ages: 3+

Supplies

3 tbsp Elmer's White School Glue

8 drops food coloring

3-4 drops dish soap

Bowl

Schoolbook sheet protectors

Paint brush · Measuring spoons

Instructions

1. In a bowl, pour 3 tbsp of Elmer's White Glue and 8 drops of food coloring.
2. Stir until food coloring and glue are evenly mixed, then add 3-4 drops of dish soap to the mixture.
3. To create a heart, dip a paint brush into the mixture, then use it to paint a heart on a sheet protector. Or make this your own by choosing any design you'd like! You can also add bits of glitter or more food coloring to spice things up.
4. Let the design dry for 60 minutes, then peel your sheet protector from your design. Stick your design to your window and admire!
